## Rescue of the Posthotel Löwe

The Nova Fundaziun Origen, holder of the annual Wakkerpreis, is committed to the preservation of the legendary Posthotel Löwe in Mulegns, one of the most culturally significant hotel buildings in the Alpine region. This unique ensemble is today threatened multiple times and existentially. In the owner's family, there is no successor. The building substance of the Hotel Löwe requires urgent renovation, to prevent serious damage. Documents, photographs and guest books must be inventoried and secured. The planned widening of the road through Mulegns threatens the historical village part to be damaged, if not even destroyed.
